SUMMER MAGIC LIMITED TO 62 SQUARES

62 Square Limit

A decision has been made to accept registrations for only 62 squares and our number is now 46 squares. Last August the dance rooms had a good number of dancers and we feel that the weekend will run quite smoothly with this amount. We do not wish to overcrowd the dance rooms and we have set systems in place with NAV Canada for improved check-in and meal times for 500 people. Therefore, if you or your friends haven't registered yet, do so NOW as we are filling up quickly. Summer Magic in Cornwall, Ontario on August 27, 28 & 29, 2010 is the place to be. There is presently a waiting list for the Junior Suites, so, if you would like one, get your name on the list. We have dancers who have registered from Quebec, Ontario, British Columbia, Alberta, New York, Vermont, New Jersey, South Carolina, Belgium and France. We anticipate a full house. Spread the word for us..... the limit is 62 squares.

Help us advertise

Need flyers... just let us know and we will send them to you

There will be a computer system for the A-1, A-2 and C-1 dance rooms, ensuring the pleasure of dancing with everyone. Some tips will be declared open. This proved very successful at our first weekend so it will be continued.

WE WILL MAKE IT BETTER!!

We have been involved in square dance events for 35 years and this was our best weekend ever. The staff for 2010 consists of international callers. You

will most surely enjoy dancing to them. As experience is the best teacher, we are striving to correct a few issues which we encountered. We have had positive

meetings with NAV Canada and they have assured us that they will fine tune the problem areas. All said, it looks like "Summer Magic 2010" will be

another even greater weekend. Don't be disappointed, send in your registration now. Summer Magic 2010 promises to be another winner.

This will be the last newsletter you will receive, if you have not registered for 2010
